## Help the Black Country Living Museum preserve HOBBS FRIED FISH SHOP

*Sponsor a brick in Hobbs for only £10.00!*

Hobbs Fish & Chip Shop was a well-known landmark in Hall Street, Dudley. Some say it served the best fish and chip suppers in town; others remember the dining room, unusual for the area, with its decorative glazed fish tile panels.

Boarded up, Hobbs became a target for vandals who tried to prise the decorative tiles off the wall, damaging several of the panels in the process. Looking for buildings for its brand-new 1930's high street, the Black Country Living Museum found Hobbs and knew that this Dudley landmark had to be saved.

But to achieve this, we need you to help by sponsoring a brick for just £10. In return, you will get a personalised certificate showing you the number of the brick that you have sponsored. You'll also be entered into the Donor Record Book as thanks for helping the Museum.
